

Activités Team Building dans
LES ALENTOURS DU CENTRE DE CONVENTIONS

Mission Tarraco

Gymkhana urbaine par équipes

Nous proposons que les participants organisés par équipes, doivent passer différentes épreuves et résoudre les questions et devinettes au cours du parcours par la ville de Tarragone, apprenant ainsi sa culture, sa gastronomie, ses traditions et sa vie quotidienne.

Toutes les épreuves doivent se faire en équipe. C'est pourquoi la stratégie et la planification joueront un rôle crucial, parce que cela facilitera aux équipes une distribution plus efficace et puissante, pour ainsi gagner plus de points.

Chaque équipe devra compléter les questions d'un Manuel de Route pour être l'équipe avec plus de points.

Tarragone, ville Patrimoine mondial est une merveilleuse ville millénaire. À cause de son importance et sa beauté. La ville préside l'aire de la Costa Daurada. La ville fut l'origine de la romanisation de la Péninsule Ibérique et plus tard de la christianisation.

La ville a une collection unique de monuments romains et médiévaux. La cathédrale gothique, les murs romains, les tours, ses ruines et autres monuments historiques, peuvent se visiter en suivant l'exceptionnel parcours du Tour Archéologique, où on peut profiter des vues magnifiques à l'intérieur du district.

Tarragone, ville millénaire, a une collection unique de monuments romains et médiévaux où se détachent les suivants:

Cathédrale / Tour Archéologique
Maison Castellarnau (S XIV – XVIII)

Cirque Romain / Amphithéâtre
Prétoire Romain / Monument aux tours humaines

Nous proposons que les participants organisés par équipes, doivent passer différentes épreuves et résoudre les questions et devinettes au cours du parcours par la ville de Tarragone, apprenant ainsi sa culture, sa gastronomie, ses traditions.

Les assistants partagés par équipes visiteront les zones les plus emblématiques de la ville:

- Monuments plus importants
- Edifices historiques
- Coutumes

Toutes les épreuves doivent se faire en équipe. C'est pourquoi la stratégie et la planification joueront un rôle crucial, parce que cela facilitera aux équipes une distribution plus efficace et puissante, pour ainsi gagner plus de points.

Les assistants après terminer l'activité auront réussi à: Entrainer dans un environnement différent du jour à jour du travail en équipe pour atteindre les objectifs. Augmenter son degré de compromis et intégration dans l'entreprise et l'interaction entre eux mêmes.

Agenda orientative

Matériel par équipe

Deux planos de situation*

Un Livre de Route*

*Ces matériaux peuvent être imprimés ou bien numérisés à travers de Event App personnalisée avec l'image de client

Les matériaux seront personnalisés en fonction des besoins du client.

20 min Instructions de l'activité et organisation des équipes

20 min Déplacement à Tarragone

2 horas Tarragone Romaine, gymkhana urbaine par équipes

Point final de l'activité où l'organisation remasser les matériaux des différentes équipes

20 min Déplacement à PortAventura

Cérémonie de prix dans le moment choisi avec le client

Dynamique avec des ballons de basketball

S'entraîner à PortAventura

Les exercices sont la base des entraînements des équipes de basketball, même à haut niveau. Cela sert pour la préparation du 5 contre 5.

Toñín Llorente, ex joueur de basketball professionnel durant 20 ans, sera celui qui dirigera cette activité.

Il y a trois dynamiques. La première est la plus facile et la troisième la plus compliquée à réaliser.

Pour pouvoir surmonter l'épreuve des ballons, il sera indispensable que les équipes montrent leurs valeurs les plus importantes en tant qu'équipe :

Concentration
Communication
Surpassement
Collaboration
Interaction
État d'âme positif

Tous les joueurs devront coopérer pour pouvoir surmonter les différents objectifs.

On finira l'activité avec un exercice : « retour à la maison ». Cela servira à augmenter la confiance du groupe.

Régate d'entreprise

Les participants pourront découvrir un monde passionnant et effectuer une régate ou voyager en mer ouverte, dans laquelle tous les participants participeront activement à la gestion des navires.

Au début de l'activité, les participants apprendront les règles de base pour naviguer, et toutes les informations nécessaires au sujet de la sécurité à bord.

Cette activité, dans laquelle les participants auront le plaisir de faire une activité différente, nous aidera à promouvoir les qualités telles que la communication, l'engagement, le travail d'équipe, le leadership, l'atteinte des objectifs ...

Départ en Catamaran

Les participants pourront profiter d'une sortie en catamaran. Ils profiteront d'une journée de détente et de navigation sur le Côte Dorée.

- Transfert au port de Cambrils
- Sortie du groupe et liberté de navigation.
- Les participants pourront prendre le soleil à bord du catamaran.
- A mi-chemin, le catamaran s'arrêtera pour que les participants puissent aller nager et plonger.

Durant les 3 heures, il y aura de la bière et des boissons gazeuses (gratuites).

Important: Il n'est pas nécessaire que le groupe ai de l'expérience dans les sports nautiques.

Compétitions sportives

Les Jeux olympiques d'entreprise seront une compétition de différents sports avec l'aide de la plage de Salou, on utilisera différents équipements sportifs qui nous permettront de développer les sports choisis par le client.

Dans le cas où la compétition s'effectuera sur la plage, voici les sports qui pourraient être choisis:

- Beach Soccer
- Volleyball de plage
- La pétanque
- Activités chorégraphiées comme l'aérobic, latino et l'interprétation musical

Pour développer les activités sportives nous proposons les installations de PortAventura ou la plage de Salou.

Directeur de l'activité

Licencié en Droit par l'Université Complutense de Madrid.

Après avoir été Junior international, il a été un joueur de basket-ball professionnel pendant 20 ans et a terminé sa carrière au Real Madrid.

Il a beaucoup d'expérience dans l'organisation, la coordination et la direction d'activité sportives, ainsi qu'une ample trajectoire dans le domaine du travail en équipe.

Il collabore comme analyste et commentateur dans différents médias de communication et durant la campagne 2011-2012 il a fait parti du Staff technique de A.S Roma avec Luis Enrique.

Une activité unique pour votre groupe

Nous vous donnons l'opportunité de personnaliser et adapter les activités en fonction de vos besoins, en passant dans les différentes épreuves les messages que vous considérez clé pour votre entreprise (objectifs de l'entreprise, lancement de nouveaux produits...)

SUSTAINABILITY

We contribute with entities of the Third Environmental and Social Sector to give value to the activities

ENTERTAINMENT

Create links with your colleagues and enjoy the looks and smiles again

MOTIVATION

Activities designed to strengthen cohesion within the team and between departments

THE GLOBAL GOALS

OUR COMPROMISE:
REACH THE AGENDA 2030

We understand the SDG as a strategic plan to create sustainable development, therefore, we integrate them as fundamental axis as the basis of our activities and actions..

3

We carry out activities that promote the physical, mental and emotional health of the participants, so that they integrate new healthy habits into their daily lives.

5

Concep-t is committed to gender equality, in the company and in the activities.

6

We collaborate with social responsibility waters. For that, we work with AURA, a company that brings water wells to places that need it.

12

Our products and collaborators are local and km0. We integrate the 3R into our activities and actions.

13

We carry out environmental campaigns in which sensitive habitats are restored and biodiversity is enhanced.

17

We create alliances with entities that work in the territory generating environmental and social impact, thus expanding the objectives achieved:

SOCIAL CSR

We take you to a Child Care Center to collaborate with them. This activity consists of improving the spaces dedicated to children. The goal is to improve their quality of life.

We carry out all our activities with entities and foundations of the Third Social Sector.

COMPETENCES

- increase the engagement
- improve team relationships
- support to the Third Sector
- fun and motivation

SOCIAL CSR

We propose a raid of thematic and solidarity activities where the participants will have fun and will contribute by collaborating with different NGOs, associations and foundations. We will transform the outdoors of the place where the action is carried out into a "solidarity fair". Each stop of the "fair" will correspond to an entity that will carry out a sustainable action, which may be a game, a workshop, an activity, etc.

Fun actions that favor teamwork, cooperation and social involvement.

COMPETENCES

- increase of engagement
- improve team relationships
- support to the Third Sector
- fun and motivation

SDG

SOCIAL CSR

LET'S BUILD

A BETTER WORLD

Let's build a better world is a sustainable action that consists of creating, designing and building games and toys for children. The goal is to stimulate the game of the children at risk of social exclusion or schools with few resources.

The items that can be built are theaters, musical instruments, assembled games, puppets and/or bicycles.

COMPETENCES

- stimulation of proactivity
- resource management
- support to the Third Sector
- fun and motivation

SOCIAL CSR

EMOTION WOOL

EMOTION W O O L is a workshop where people work together to achieve a common goal: to join effort and creativity to create a handmade felt tapestry. Each participant brings their imagination and creativity joining and intertwining colored yarns until a large tapestry is obtained. The result can be framed and exhibited in the company to make it an unforgettable memory. In addition to being spectacular!

SOCIAL CSR

The aim of this activity is the donation of bicycles to children's day-care centres. The activity has 3 phases:

Phase 1. To get the parts we will do a gymkhana with fun tests.

Phase 2. The assembly of the bicycle.

Phase 3. Race. Each team will compete with its bike in a relay race. Are you ready to take on this challenge of solidarity?

COMPETENCES

ENVIRONMENTAL CSR

Transformative activities that help the planet. With these actions we help environmental projects with transversal actions that support the three basis of environmental restoration: habitat improvement, enhancement of biodiversity and public use management. All the actions are carried out in the territory in collaboration with naturalist entities and the Xarxa per la Conservació de la Natura.

COMPETENCES

ENVIRONMENTAL CSR BEACH CLEANING DAY

An environmental recovery activity based on waste clean-up and awareness of the use of plastics in the marine environment. Our proposal is to carry out a beach cleaning action from two different points of view: one focused on the big residues (macro cleaning) and the other on the small, focusing especially on microplastics (micro cleaning).

COMPETENCES

Ecorienteering

An orientation race in which we will solve questions about the environment and carry out sustainability tests while enjoying the surroundings. At each point the teams will find a question related to the environment and the SDGs and will carry out sustainable tests. The objective of the activity is to mark the maximum number of points on the map, answer the questions correctly and solve the tests.

TEAM WORK

Transversal communication, leadership, creativity, innovation, etc. This are some of the necessary ingredients you need to be able to build a chain reaction machine that fits together and works jointly between all the teams. Do you see any resemblance with your company?

To achieve the challenge, the teams will have to conceive, plan, design and build with the materials and tools that they will find in the storage area.

COMPETENCES

TEAM WORK

Drawing, painting or graffiti are some of the most popular and characteristic expressions of art of all time. This workshop is based on creativity, design and experimentation with the world of painting and drawing. The objective is to design and capture the values of the company in a creative and participatory way. You can create an individual mural per team, or a collage that, when joined, becomes a big painting.

COMPETENCES

- planning and time management
- transversal communication
- creativity
- fun and motivation

TEAM WORK

If you like travelling, competition and adventure, this is the activity for you. You will have to build and decorate your plane, choose a pilot and fly at ground level: you will have to become experts in the handling of your aeroplane and fly it around the world. A new exciting and fun activity in which your skill and ingenuity will be decisive to be the first to make the trip we have prepared for you. Fasten your seat belts, we're taking off!

COMPETENCES

TEAM WORK

LOGO BUILDING

All together you create your company. Let's live it up! Through a choreography or a colorful graffiti, you will recreate the brand logo of your company following a design. You will hold some cardboard to delimitate the shape.

There are two options to create your logo: with white cardboard and with a choreography, or in full colour with graffiti. You choose what suits your team best.

COMPETENCES

- capacity of adaptability
- body expression
- creativity
- fun and motivation

SDG

ENTERTAINMENT

With Urban Tour activity we propose you to learn in a fun and dynamic way the architecture and history of the city by having a map, random photos of the most emblematic elements and... a lot of cunning!

With this activity we bring the city closer to you in a fun way, touring the streets and squares, visiting the most representative points and giving you information of interest.
