

Environmental Policy

Port Aventura Entertainment, S.A.U., managing company and owner of PortAventura World Parks & Resort, family leisure destination that encompasses PortAventura Park, PortAventura Caribe Aquatic Park, Ferrari Land, Hotel PortAventura, Hotel El Paso, Hotel Caribe, Hotel Gold River, Hotel Mansión de Lucy, Hotel Colorado Creek, PortAventura Convention Centre, Parking Caravaning, PortAventura Dreams Village, and Ponient Hotels, carries out its activities with maximum respect for the environment and its surroundings.

To reaffirm its firm commitment to and respect for the environment, the company expresses its willingness to progressively extend the EMAS and ISO 14001:2015 certifications to Ponient Hotels.

In order to comply with its commitment to the protection of the environment, the company continuously anticipates, measures and improves its environmental results. To this end, PortAventura World's actions are governed by the following principles:

1. To ensure compliance with applicable environmental laws, and other voluntary requirements to which it subscribes, making them a part of its Environmental Policy.
2. To assign all necessary means and responsibilities to guarantee the attainment of objectives that lead to continual improvements in environmentally-friendly behaviours, designing processes that aim to minimise and prevent activities that impact the environment.
3. To ensure compliance with the Environmental Management System through *Equip Verd*, an environmental consultancy and executive committee, to consolidate the bases for the promotion of respect for the environment and ensure a framework of reference for the establishment of environmental objectives.
4. To educate, train and raise awareness, at all levels, among company personnel in order to create an atmosphere conducive to the progression of any environmental measures.
5. To communicate the Environmental Policy to everybody working within or on behalf of the organisation, including other stakeholders.
6. To identify the environmental aspects and associated environmental impacts from a life cycle perspective.
7. To promote, to the maximum possible extent, projects that encourage our visitors to respect the environment.
8. To preserve our region's biodiversity and ecosystems, protecting the species and habitats within it.
9. To work on improvements focused on the prevention and reduction of food losses and waste, through objectives that seek to involve workers and visitors.
10. To promote and commit to the mitigation and adaptation of climate change by means of: the sustainable use of natural resources (water and electricity); driving sustainable mobility and renewable electricity initiatives, as well as reducing, calculating, and offsetting our carbon footprint; and encouraging the reduction, reuse, and recycling of waste, prioritising waste recovery.
11. To guarantee that our suppliers share and commit to our Policy and the same environmental standards. As well as to promote environmental criteria in product purchasing, the contracting of services and events management, acting as a driving force in circular economy initiatives.
12. To include environmental commitment in the Company Object: *We create unforgettable experiences that generate a positive impact on people while taking care of the planet.*
